Nurse-Family Partnership® is an evidence-based, community health program with over 40 years of evidence showing significant improvements in the health and lives of first-time moms and their children living in poverty.

Nurse-Family Partnership works by having specially trained nurses regularly visit young, first-time moms-to-be, starting early in the pregnancy, continuing through the child’s second birthday. Mothers, babies, families and communities all benefit.

**Outcomes for Florida**

*Aggregate data provided by NSO, includes cumulative state data for Florida up to 11/2018; Employment data up to 9/2018.*

**5x $ RETRUN**

Every $1 invested in NFP saves $5.70 in future costs for the highest-risk families served.

*Medicaid data provided by NSO, includes cumulative data for the state up to 9/2018.*

*Aggregate data provided by NSO, includes cumulative data for the state up to 9/2018.*
**Nurse-Family Partnership Goals**

1. Improve pregnancy outcomes by helping women engage in good preventive health practices.
2. Improve child health and development by helping parents provide responsible and competent care; and
3. Improve the economic self-sufficiency of the family by helping parents develop a vision for their own future.

**Better Worlds Start with Great Mothers**

Nurse-Family Partnership empowers vulnerable first-time moms to transform their lives and create better futures for themselves and their babies.

**ESTABLISHED: 2008**

**FAMILIES SERVED: 4,252**

**ACTIVE AGENCIES: 12**

**COUNTIES CURRENTLY SERVED: 20**

"There is a magic window during pregnancy... A time when the desire to be a good mother and raise a healthy, happy child creates motivation to overcome incredible obstacles including poverty with the help of a well-trained nurse."

— DAVID OLDS, PH.D., NURSE-FAMILY PARTNERSHIP’S FOUNDER

PROFESSOR OF PEDIATRICS AT UNIVERSITY OF COLORADO
