Nurse-Family Partnership® is an evidence-based, community health program with over 40 years of evidence showing significant improvements in the health and lives of first-time moms and their children living in poverty.

Nurse-Family Partnership works by having specially trained nurses regularly visit young, first-time moms-to-be, starting early in the pregnancy, continuing through the child’s second birthday. Mothers, babies, families and communities all benefit.

**KANSAS MOMS**

- **21** Median age

5x $ RETURN EVERY $1 INVESTED IN NFP SAVES $5.70 IN FUTURE COSTS FOR THE HIGHEST-RISK FAMILIES SERVED

**KS**
There is a magic window during pregnancy… a time when the desire to be a good mother and raise a healthy, happy child creates motivation to overcome incredible obstacles including poverty with the help of a well-trained nurse.

— David Olds, Ph.D., Nurse-Family Partnership’s founder, Professor of Pediatrics at University of Colorado
