Nurse-Family Partnership® is an evidence-based, community health program with over 40 years of evidence showing significant improvements in the health and lives of first-time moms and their children living in poverty.

Nurse-Family Partnership works by having specially trained nurses regularly visit young, first-time moms-to-be, starting early in the pregnancy, continuing through the child’s second birthday. Mothers, babies, families and communities all benefit.

### NEVADA MOMS

<table>
<thead>
<tr>
<th><strong>Median age</strong></th>
<th>20</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Unmarried</strong></td>
<td>84%</td>
</tr>
<tr>
<td><strong>Clients who used Medicaid while in NFP</strong></td>
<td>77%</td>
</tr>
<tr>
<td><strong>Annual household income (median)</strong></td>
<td>$7,500</td>
</tr>
</tbody>
</table>

### OUTCOMES FOR NEVADA

- **91%** Babies born full term
- **93%** Mothers initiated breastfeeding
- **93%** Babies received all immunizations by 24 months
- **53%** Of clients 18+ were employed at 24 months

*Aggregate data provided by NSO, includes cumulative data for the state up to 11/2018; Employment data up to 9/2018.*
Nurse-Family Partnership Goals

1. Improve pregnancy outcomes by helping women engage in good preventive health practices.
2. Improve child health and development by helping parents provide responsible and competent care; and
3. Improve the economic self-sufficiency of the family by helping parents develop a vision for their own future.

Proven Results

The Nurse-Family Partnership program has been independently reviewed and evaluated, and is ranked as the Gold Standard of home visiting programs. A report from the Center on the Developing Child at Harvard University shows the extent to which very early childhood experiences influence later learning, behavior and health.

There is a magic window during pregnancy... a time when the desire to be a good mother and raise a healthy, happy child creates motivation to overcome incredible obstacles including poverty with the help of a well-trained nurse.

— David Olds, Ph.D., Nurse-Family Partnership’s Founder

Professor of Pediatrics at University of Colorado
