Nurse-Family Partnership® is an evidence-based, community health program with over 40 years of evidence showing significant improvements in the health and lives of first-time moms and their children living in poverty.

Nurse-Family Partnership works by having specially trained nurses regularly visit young, first-time moms-to-be, starting early in the pregnancy, continuing through the child’s second birthday. Mothers, babies, families and communities all benefit.

ARKANSAS MOMS

<table>
<thead>
<tr>
<th>21</th>
<th>Median age at intake</th>
</tr>
</thead>
<tbody>
<tr>
<td>89%</td>
<td>Unmarried at intake</td>

*Aggregate data provided by NSO, includes data for the state from Jan 1st, 2019 to Nov 30th, 2019
Nurse-Family Partnership Goals

1. Improve pregnancy outcomes by helping women engage in good preventive health practices.
2. Improve child health and development by helping parents provide responsible and competent care; and
3. Improve the economic self-sufficiency of the family by helping parents develop a vision for their own future.

Proven Results

The Nurse-Family Partnership program has been independently reviewed and evaluated, and is ranked as the Gold Standard of home visiting programs. A report from the Center on the Developing Child at Harvard University shows the extent to which very early childhood experiences influence later learning, behavior and health.

THERE IS A MAGIC WINDOW DURING PREGNANCY... A TIME WHEN THE DESIRE TO BE A GOOD MOTHER AND RAISE A HEALTHY, HAPPY CHILD CREATES MOTIVATION TO OVERCOME INCREDIBLE OBSTACLES INCLUDING POVERTY WITH THE HELP OF A WELL-TRAINED NURSE.

— DAVID OLDS, PH.D., NURSE-FAMILY PARTNERSHIP’S FOUNDER PROFESSOR OF PEDIATRICS AT UNIVERSITY OF COLORADO
