

Nurse-Family Partnership® is an evidence-based, community health program with over 40 years of evidence showing significant improvements in the health and lives of first-time moms and their children living in poverty.

5x \$ RETURN

EVERY \$1 INVESTED IN NFP SAVES \$5.70 IN FUTURE COSTS FOR THE HIGHEST-RISK FAMILIES SERVED¹

Nurse-Family Partnership works by having specially trained nurses regularly visit young, first-time moms-to-be, starting early in the pregnancy, continuing through the child's second birthday. Mothers, babies, families and communities all benefit.

ARIZONA MOMS

22
Median age at intake

82%
Unmarried at intake

58%
Clients enrolled in Medicaid at intake

Less than or equal to \$6,000
Annual median household income at intake

OUTCOMES FOR ARIZONA

* Aggregate data provided by NSO, includes data for the state from Jan 1st, 2019 to Nov 30th, 2019

88% BABIES BORN FULL TERM

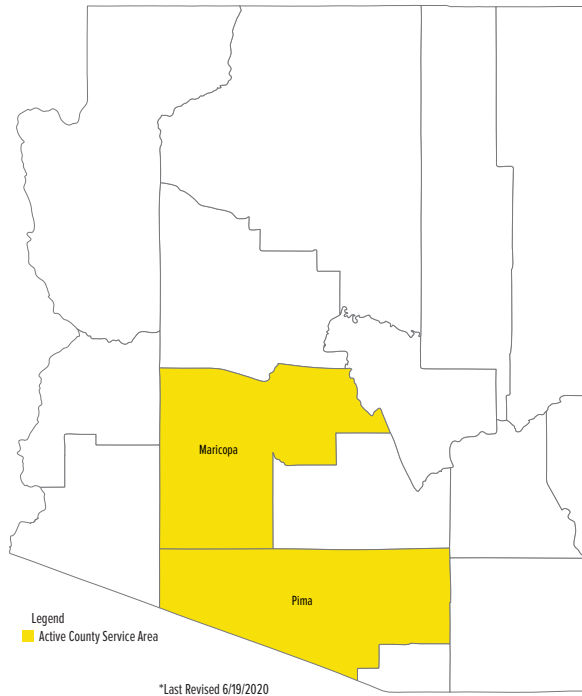

94% MOTHERS INITIATED BREASTFEEDING

97% BABIES RECEIVED ALL IMMUNIZATIONS BY 24 MONTHS

67% OF CLIENTS 18+ WERE EMPLOYED AT 24 MONTHS

Nurse-Family Partnership Goals

1. Improve pregnancy outcomes by helping women engage in good preventive health practices.
2. Improve child health and development by helping parents provide responsible and competent care; and
3. Improve the economic self-sufficiency of the family by helping parents develop a vision for their own future.

Proven Results

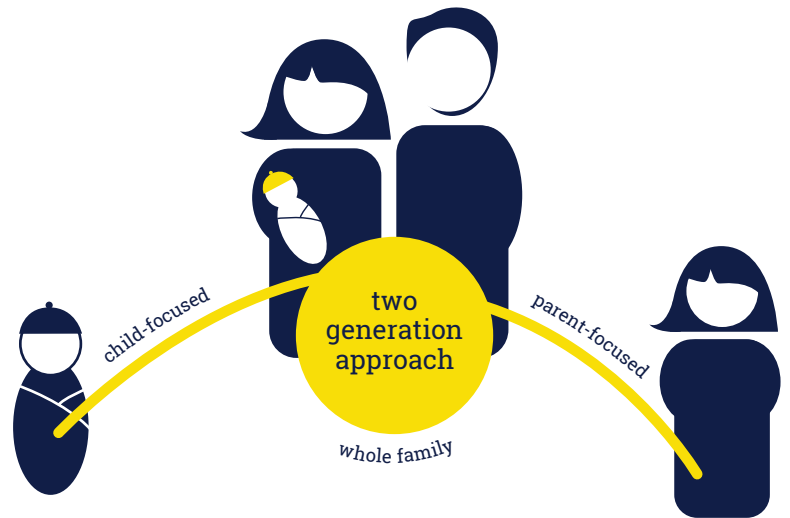

The Nurse-Family Partnership program has been independently reviewed and evaluated, and is ranked as the Gold Standard of home visiting programs. A report from the Center on the Developing Child at Harvard University shows the extent to which very early childhood experiences influence later learning, behavior and health.
