Nurse-Family Partnership® is an evidence-based, community health program with over 40 years of evidence showing significant improvements in the health and lives of first-time moms and their children living in poverty.

Nurse-Family Partnership works by having specially trained nurses regularly visit young, first-time moms-to-be, starting early in the pregnancy, continuing through the child’s second birthday. Mothers, babies, families and communities all benefit.

**Virginia Moms**
- Median age at intake: 22
- Unmarried at intake: 85%
- Clients enrolled in Medicaid at intake: 45%

---

**Outcomes for Virginia**

*Aggregate data provided by NSO, includes data for the state from Jan 1st, 2019 to Nov 30th, 2019*

- Babies born full term: 84%
- Mothers initiated breastfeeding: 85%
- Babies received all immunizations by 24 months: 100%
- Clients 18+ were employed at 24 months: 63%

---

$5x$ Return
Every $1 invested in NFP saves $5.40 in future costs for the highest-risk families served.

*Aggregate data provided by NSO, includes data for the state from Jan 1st, 2019 to Nov 30th, 2019*
Nurse-Family Partnership Goals

1. Improve pregnancy outcomes by helping women engage in good preventive health practices.
2. Improve child health and development by helping parents provide responsible and competent care; and
3. Improve the economic self-sufficiency of the family by helping parents develop a vision for their own future.

Better Worlds Start with Great Mothers

Nurse-Family Partnership empowers vulnerable first-time moms to transform their lives and create better futures for themselves and their babies.
