

CALIFORNIA

Nurse-Family Partnership® is an evidence-based, community health program with over 40 years of evidence showing significant improvements in the health and lives of first-time moms and their children living in poverty.

4x
\$ RETURN
EVERY \$1 INVESTED IN NFP SAVES \$4.50 IN FUTURE COSTS FOR THE HIGHEST-RISK FAMILIES SERVED¹

Nurse-Family Partnership works by having specially trained nurses regularly visit young, first-time moms-to-be, starting early in the pregnancy, continuing through the child's second birthday. Mothers, babies, families and communities all benefit.

CALIFORNIA MOMS

23
Median age at intake

81%
Unmarried at intake

86%
Clients enrolled in Medicaid at intake

*Aggregate data provided by the NSO. Includes state data from 01/01/2018 to 12/31/2020.

Less than or equal to \$6,000
Annual median household income at intake

*Aggregate data provided by the NSO. Includes state data from 01/01/2018 to 12/31/2020.

- <1% Declined

OUTCOMES FOR CALIFORNIA

*Aggregate data provided by the NSO. Includes state data from 01/01/2018 to 12/31/2020

91% BABIES BORN FULL TERM

95% MOTHERS INITIATED BREASTFEEDING

92% BABIES RECEIVED ALL IMMUNIZATIONS BY 24 MONTHS

52% OF CLIENTS 18+ WERE EMPLOYED AT 24 MONTHS

Nurse-Family Partnership Goals

1. Improve pregnancy outcomes by helping women engage in good preventive health practices.
2. Improve child health and development by helping parents provide responsible and competent care; and
3. Improve the economic self-sufficiency of the family by helping parents develop a vision for their own future.

Proven Results

The Nurse-Family Partnership program has been independently reviewed and evaluated, and is ranked as the Gold Standard of home visiting programs. A report from the Center on the Developing Child at Harvard University shows the extent to which very early childhood experiences influence later learning, behavior and health.
