Nurse-Family Partnership® is an evidence-based, community health program with over 40 years of evidence showing significant improvements in the health and lives of first-time moms and their children living in poverty.

EVERY \$1 INVESTED IN NFP SAVES \$6.70 IN FUTURE COSTS FOR THE HIGHEST-RISK FAMILIES SERVED<sup>1</sup>

Nurse-Family Partnership works by having specially trained nurses regularly visit young, first-time moms-to-be, starting early in the pregnancy, continuing through the child's second birthday. Mothers, babies, families and communities all benefit.
