MISSOURI

Nurse-Family Partnership® is an evidence-based, community health program with over 40 years of evidence showing significant improvements in the health and lives of first-time moms and their children living in poverty.

6x **\$ RETURN**

EVERY \$1 INVESTED IN NFP SAVES \$6.00 IN **FUTURE COSTS FOR THE HIGHEST-RISK FAMILIES** SERVED¹

Nurse-Family Partnership works by having specially trained nurses regularly visit young, first-time moms-tobe, starting early in the pregnancy, continuing through the child's second birthday. Mothers, babies, families and communities all benefit.

Median age at intake

87% Unmarried at intake

*Aggregate data

Nurse-Family Partnership Goals

- Improve pregnancy outcomes by helping women engage in good preventive health practices.
- Improve child health and development by helping parents provide responsible and competent care; and
- Improve the economic selfsufficiency of the family by helping parents develop a vision for their own future.

Proven Results

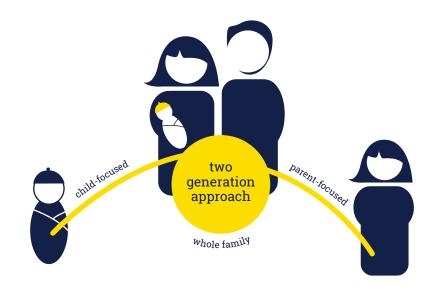

The Nurse-Family
Partnership program has
been independently
reviewed
and evaluated, and is
ranked as the Gold Standard
of home visiting programs.
A report from the Center on
the Developing Child at
Harvard University shows
the extent to which very
early childhood
experiences influence later
learning, behavior and
health.
