Nurse-Family Partnership is an evidence-based, community health program with over 40 years of evidence showing significant improvements in the health and lives of first-time moms and their children living in poverty.

Nurse-Family Partnership works by having specially trained nurses regularly visit young, first-time moms-to-be, starting early in the pregnancy, continuing through the child’s second birthday. Mothers, babies, families and communities all benefit.

**IDAHO MOMS**

- Median age at intake: 21
- Unmarried at intake: 78%
- Clinically enrolled in Medicaid at intake: 61%
- Annual median household income at intake: $6,000-$9,000

**OUTCOMES FOR IDAHO**

$ RETURN

EVERY $1 INVESTED IN NFP SAVES $6.40 IN FUTURE COSTS FOR THE HIGHEST-RISK FAMILIES SERVED

**Nurse-Family Partnership Goals**

1. Improve pregnancy outcomes by helping women engage in good preventive health practices.
2. Improve child health and development by helping parents provide responsible and competent care; and
3. Improve the economic self-sufficiency of the family by helping parents develop a vision for their own future.

**Established: 2012**

**Families Served Since 2012: 881**

**Current Funded Capacity: 194**

Better Worlds Start with Great Mothers

Nurse-Family Partnership empowers vulnerable first-time moms to transform their lives and create better futures for themselves and their babies.
